ST. THOMAS INDIAN MISSION

Founded in 1771 by early Spanish missionaries on the bank of the Colorado River. The present-day Yuma area was first sighted by Father Kino in 1700. Yuma boasts a colorful history of quests for gold, Spanish expeditions, missionary massacres by the Indians, and the eventual taming by early frontiersmen.

Dear Aunt Lizzie,
Here we are at Holbrook again. It is a long time, but it is a little nicer here. Albuquerque tomorrow in time to be a little nicer. Quite cold here for this time of the year. It's been a heavy coat all day over my knit suit, and the heated cars going in the cars. Even found a quilt 5 inches of snow!
